

SUBMISSION GUIDELINES

A publishing house lives from publishing
and from human beings that have to say
something! We welcome your ideas

Please observe the following conditions to send us
your project proposal

- 1) Make sure that your idea is not already on the market.
Check out the internet and your nearest bookstore!
- 2) Ensure that your title is clearly positioned.
Unclear concepts make it difficult to take decisions
and will most probably result in a refusal of your project.
- 3) We are only interested in card-related products. Our main
interest is self-explaining esoteric images (Tarot, meditation, divination,
astrology) with accompanying literature.
Please refer to our website!
- 4) It is sufficient to initially send us an exposé (concept), 5-8 images and,
if possible, information about your background!
We will not consider projects that simply refer to a website.
- 5) Make sure that your material does not infringe with any copyrights.
- 6) You can contact us by e-mail to find out if we may be interested
in your project proposal. Only when we authorize to do so, send us your
material by mail, including an envelope with your address for a
possible return.
- 7) We do not guarantee the return of material sent to
us without prior approval. Therefore, always send copies,
no originals.

- 8) We will look at your proposal asap, but allow up to two months for a reply.

- 9) There may be different reasons why a proposal is rejected, not necessarily directly related to your material. We hope for your comprehension.
